

[illegible]

Technical drawing of a U-shaped channel cross-section. The dimensions are as follows:

- Top flange width: 460
- Top flange height: 75
- Channel depth: 145
- Channel bottom width: 215
- Channel bottom height: 60
- Channel bottom radius: 110
- Channel bottom slope: 8%

|                              |                       |
|------------------------------|-----------------------|
| <b>Material:</b>             | Mineral Composite     |
| <b>Approx Bowl Capacity:</b> | 7.8L                  |
| <b>Tapholes:</b>             | 0, 1 or 3             |
| <b>Waste Size:</b>           | 40mm without overflow |

|                              |                       |
